Experience

Anarock | Lead Software Developer

Oct 2017 - Present

- Developing the design system and tooling for web and React Native.
- Agents App - Developed an app built using React Native for agents.
- Involved in the initial tech team setup.

Housing.com | Senior Software Developer

June 2015 - Oct 2017

- Housing App - Developed a cross platform app using React-Native. It also included Redux, Observables and Immutable.js
- Housing Go - Development of a PWA from scratch which involved React, redux, architecture setup and Server Side Rendering.

Open Source Projects ⬈

- Transform - A polyglot web converter. Source code available on GitHub.
- pebble - A set of lightweight and accessible React component written in typescript and emotion.
- storybook - Storybook is a development environment for UI components. I was an early contributor to the project.
- embed-js - A plugin to embed emojis, media, maps, tweets, code and more. It is modular, customizable and plugin based.
- Snape - An electron app to search, stream and download torrents.

Conference/Meetup Talks ⬈

- Chrome Developers Summit 2016 - Spoke about the development process and performance optimisations we did to improve our mobile experience.
- Web Workers: A musical intro. - A talk about how I improved the performance of a music app on the web using web workers.

Side Project

- An online platform (WIP) to play midis and also record music. The project involves web workers, WebAudio, WebMIDI and a lot of work around performance. A sneak peek can be found here and here. The source code is available on GitHub.
